

Marneus & MilkyBlood presents:

SPACE DUEL II

The ultimate documentation

1.) Introduction

Fix your troubles with lasers shots in this incredible, two players, action game.

Space Duel 2 is a 2 players game for Texas Instruments* calculators including a lot of fantastic features.

- Assbreaking graphics
- A debris system
- Lots of parameterizable features (players life, players names...)
- A score table
- Your options are automaticly saved
- And much more...

* only compatible with TI-83, TI-83 plus, TI-84 plus and TI-84 plus silver edition.

2.) Installing the game

To install Space Duel 2 on your TI calculator just send the TI Group SD2FR or SD2ENG (SD2FR for the french version or SD2ENG for the english version) with your favourite linking software (personally I use TI-Connect 1.6). Once the group has been sent to your calculator, ungroup it

(**2nd**[MEM][8][>][ENTER]). Once extracted, run the SD2INST program (**[PRGM]**, SD2INST, prgmSD2INST **[ENTER]**) to install the needed lists and pics. When the instalation is over, the game starts automaticly. The SD2INST program can be supressed or archived to save up some space.

3.) Playing the game

To play the game all you need is to launch SD2 (**[PRGM]**, SD2, prgmSD2, **[ENTER]**). When you launch the game for the first time, a short animation shows up. Wait until it finishes then press **[ENTER]** to go directly to the main menu.

• *Menu contols*

Up: **[↑]**

Down: **[↓]**

Select: **[ENTER]**

- ***Game controls***

Player 1 controls;

Up: 

Down: 

Fire: 

Player 2 controls;

Up: 

Down: 

Fire: 

Quit: 

ATTENTION: pressing  will crash the game, take care not to press this button while you play.

4.) Troubleshootings

Supressing 1SD2 or the PIC2 may make the game crash. To avoid that, run the prgmSD2INST and then select 2:RESTORE (). If the restoration crashes then you'll have to reinstall the game completly.

5.) Contact me

If you wish to contact me then you can send mails at marneus68@hotmail.fr or even add me on Windows Live Messenger.
